B & P is not responsible for routine repairs and general maintenance at MUF.

A pink "Building Condition Report" is available in the MUF Office for member concerns about repairs and maintenance.

Welcoming*

MUF Beautification & Preservation Committee

Our Activities

Our Mission:

To steward the beautification and preservation of our buildings and grounds for the benefit and enjoyment of our members, the local community, and those who use our facilities.

- We identify and guide projects to improve our building and grounds.

- Some examples: restored the brick wall by the main gate, laid the new flagstone landing east of the meeting room, and erected the new signpost on Columbia Turnpike
- We work to preserve our building and capital investment, as well as the beauty and functionality of our grounds.
- We host Fall and Spring cleanup days to involve MUF Members and Friends in improving our spiritual & community home.
